

Technical Data Sheet

In-Ground Trampoline TZMPPP-150.

Construction

- Galvanized steel frame.
- Plastic slat jumping mat on 6 mm galvanized steel cable with PVC coating.
- TÜV-certified galvanized springs.
- EPDM/SBR rubber granulate safety surround.
- Product weight: 165 kg.
- EN 1176-1:2017 and TÜV certified.

Technical Specifications

- Age: 3+
- Users: 1
- Installation depth: approx. 0.45 m
- Safety area: 450 × 450 cm
- Overall dimensions: 150 × 150 × 40 cm
- Jumping area: 100 × 100 cm
- Minimum free fall height: 0.9 m + deflection distance
- Opening size: 29.5 × 60 mm
- Maximum rebound: 600 mm
- Minimum clearance: 230 mm
